LINDA JEAN HARBISON INJURED SATURDAY NEAR FINCASLE

Linda Jean Harbison, 14, Russellville, was admitted to the Putnam county hospital at 10 p. m. Saturday following an automobile accident on Ind. 43, a short distance north of Fincastle.

State Police reported that a car in which she was riding left the highway and struck a culvert. She suffered head and shoulder injuries when thrown against the windshield by the force of the impact.

The condition of Miss Harbison was described as "fair" Monday morning by hospital attendants.

State police said the accident car was driven by a Roachdale youth but they did not have his name on file at the post.

Another traffic accident occurred on U. S. 40, just east of Mt. Meridian at 7:28 p. m. Sunday.

Police said Robert E. Armstrong of Corecana, Texas, was driving a truck west pulling a house trailer, when he skidded on an icy stretch of pavement. The two vehicles were out of control for a distance of about 570 feet and then jack-knifed.

Damage to the house trailer was estimated at \$4,000. Westbound traffic had to be detoured via the east-bound lane for three and a half hours while the wrecked vehicles were being removed.

The state police at the Putnamville Post reported Monday morning that there are still several icy places on U. S. 40 which are hazardous for autos and trucks.

## College Bans Steady Dating

LORETTO, Pa. (UP)—St. Francis College, a co-educational institution where the boys outnumber the girls by more than four to one, has outlawed steady dating.

School elders, by implication, have also cast an official scowl on those who would marry before their college education is completed.

The edict, posted by the Rev. Vincent R. Negherbon, dean of students, makes expulsion from "The College Among the Pines" the penalty for students who "persist" in excessive steady dating.

St. Francis' 650 male and 150 female students greeted the notice with hoots of "segregation" and catcalls of "liberal education." Favorite tunes of the day at the campus club juke box are "Too Young to Go Steady" and "I'll Walk Alone."

## REPORT RUSS SOLDIERS SICK OF SLAUGHTER

PREMIER KADAR UNLEASHES NEW HUNGARIAN TERROR ATTACKS

VIENNA (UP)—The Janos Kadar puppet regime unleashed a new campaign of terror throughout Hungary today in an attempt to crush totally the Hungarian workers—backbone of the anti-Communist resistance.

There were reports some Russian troops who went into Hungary believing they would fight Anglo-American "Fascists" were sickening of the bloodshed after realizing the brutality of their true mission.

The Moscow-imposed Kadar regime finally stripped away the pretenses of democracy Sunday. It clamped martial law on dying Hungary, and outlawed all regional workers councils. Workers proclaimed a new general strike.

All communications with the West were severed by the puppet Communist government in an attempt to prevent a new armed uprising.

The last time Hungary was cut off from the West was Nov. 4 when Soviet armored forces struck by surprise to crush the freedom revolt and install the Kadar regime.

The government crackdown followed a call by the Budapest Workers Council for a 48-hour general strike in all but the most essential industries to begin at midnight Sunday night. The strike was called to protest the mass arrests of labor leaders.

The council also appealed to the workers of the world to join in the protest against the Communist oppression.

In calling the strike, the Budapest Workers Council which had been negotiating fruitlessly for weeks with Kadar, signed its own death warrant as well as that of the other regional councils.

The Hungarian presidential council's communique announced martial law would become effective at 6 p. m. (noon EST) Tuesday. It listed several reasons for the declaration which would permit a drastic purge of the "counter-revolutionaries."

Found in the locked room with Beggs were Robert Mitchell, 19, St. Louis, and Haskell Ray Kellem, 18, Evansville, Ind.

Police said the youths told them they met Beggs Sunday night at a street corner in the Loop and went to his room with him. Early this morning, the youths went to the lobby to get some cokes and decided to rob Beggs, according to the authorities.

Beggs put up a fight when they tried to bind and gag him and the youths began beating him in a wild fury, apparently with whiskey and beer bottles.

Air Force air-sea rescue headquarters at Vancouver was alerted to start a search over the route the plane would have taken had it flown from Port Hope, the point where it was last heard from, and Vancouver.

### Delta Kappa Gamma Holds Initiation

Five new members were initiated into Delta Kappa Gamma in an impressive ceremony Saturday evening at the DePauw Memorial Student Union Building. They are Mrs. Dorothy Miller, Feelsville; Mrs. Mary Sanders, Roachdale; Mrs. Alice Richardson, Greencastle; Miss Edith Sublette, Greencastle; and Mrs. Robert Farber, honorary member, Greencastle.

Miss Audrey Beatty, president of the local chapter, conducted the initiation. The committee in charge included Mrs. Edna Hayes Taylor, chairman, Mrs. Leah Curritt and Mrs. E. B. Todd.

Following initiation, members enjoyed a delicious dinner. The tables were festively decorated with Christmas greens and red candles. Especially clever place cards and favors, tiny white and gold angels, were provided by the social committee: Miss Margaret Cord and Mrs. Frank Devaney, co-chairmen; Mrs. Norman McCammon; Mrs. Cleon Steward; Miss Martha Cornick and Mrs. Russell J. Humbert.

Special music after dinner was provided by students from the DePauw School of Music, Miss Gail Van Epps, flutist, and her accompanist, Miss Donna Wortham. They were introduced by Mrs. Staten Owens, music chairman, who, together with Mrs. Joe H. Davidson at the piano, led the group in singing during initiation and after the dinner.

Speaker for the program following the dinner was Mrs. John B. Boyd, whose talk about the history and work of Delta Gamma was both informative and inspirational.

Mrs. Boyd spoke first of Dr. Annie Webb Blanton, the founder of Delta Kappa Gamma. A Texas gentlewoman, Dr. Blanton was highly regarded and greatly beloved in her home state. In 1918 she became Superintendent of Public Instruction in Texas, the first woman superintendent in the United States. Later she became the first woman president of the Texas State Teachers' Association. Until her retirement in 1945 she was a professor of Education at the University of Texas.

Fired with the desire to improve education and to improve the professional and personal lives of women educators, Dr. Blanton conceived the idea for Delta Kappa Gamma. On May 11, 1929, the first meeting of the organization was held in the Women's Faculty Club at the University of Texas, with Dr. Blanton initiating the other 11 charter members, 8 of whom are still living. Growth of the organization was rapid, especially considering the fact that Delta Kappa Gamma is an honor society and membership is on a quota basis.

The first chapter in Indiana was organized in January, 1938. Today Delta Kappa Gamma has 56,491 members, 1254 chapter, and 55 state and provincial organizations.

Work of Delta Kappa Gamma is varied. To improve conditions and opportunities for women to do graduate study, national foundations support three scholarships of \$2500 each, granted annually. Additional chapter and state scholarships amounting to \$40,000 are given each year. Also grants for undergraduate study are often given by local chapters.

Other projects in which Delta Kappa Gamma has been much interested are selective recruitment of teachers, various research projects, legislation in

regard to education, teacher welfare and morale, and service projects. One of the service projects provides for Korean fellowships, which allow Korean women to study in the United States. An award of \$1000 is also made each two years to the woman author of the best work on education published during that two-year period.

In concluding her remarks, Mrs. Boyd stated that in her opinion the thing that makes Delta Kappa Gamma truly unique among professional organizations is its emphasis on the first purpose of the society: "to unite women educators in a spiritual fellowship."

In tribute to Mrs. Boyd a group of Delta Kappa Gamma women sang the special song, "To You, Edna," which had been written on the caravan en route to national convention by members of the Indiana group. This song was sung at a reception honoring Mrs. Boyd, then national president, at the national convention in August in New Orleans.

## Old Gold Bows To Cincinnati

DePauw lost its first basketball game in three starts Saturday night down at Cincinnati when the powerful Bearcats turned back the Tigers, 65 to 53.

The Old Gold netters led 16 to 15 after 10 minutes of play but Cincinnati turned on the heat to tally 13 points to grab a 36 to 24 edge at halftime.

This 12-point margin spelled the difference as both teams collected 29 points in the second half.

Bob Schrier, DePauw's leading scorer, was held to a total of 14 points. He hit only four in the first half.

The Bearcats, averaging 6 feet, 4 inches, took 58 rebounds to DePauw's 35.

## Cards Defeat North Salem

Trailing the first three quarters, Fillmore started a fourth period rally to defeat a strong North Salem net squad, 37 to 34, Saturday night in the Cardinal gym.

North Salem led 8-4, 16-14 and 28-21 going into the last frame. The East Putnam Cards tallied 16 points while holding their opponents to six and that was the story of the game.

Ross with 17 points and Roberts with a 11 were big factors in the Fillmore victory.

The Fillmore B team also won the curtain raiser, 30 to 23.

"You're crazy," Mr. Muzzy replied. "How could I beat him? I had a six-spot-high hand."

When Mr. Muzzy first looked at his cards, he decided somebody had a grand slam—and it wasn't his side. He was glad to hear his partner open the bidding, but he played his cards entirely without thought against the eventual four spade contract.

**GIVE PARTNER COUNT**  
This hand is an extreme example to illustrate the fact that even when you have no winners, you still have an important job to be done on the defense. That job is to give your partner a count on the hand so he can defend to the best advantage.

The undersigned administrator of the estate of Charles B. Sheekis, deceased, hereby gives notice that, by virtue of an order of the Putnam Circuit Court, in Cause No. 9650, it will at the hour of 10 o'clock, A. M., on the 18th day of December, 1956, and from day to day thereafter until sold, at Roachdale Bank and Trust Company, Roachdale, Indiana, offer for sale at private sale all the interest of said decedent in and to the following described real estate in Putnam County, State of Indiana, to-wit:

Part of Section 27, Township 16 North, Range 3 West, bounded as follows, to-wit: Commencing at the North West corner of said quarter; thence East 29 chains and 85 links to the North East corner of said quarter; thence with the East line South 11 chains and 4 links to a sharp top stone 19 inches long; thence West 29 chains and 42 links to the West line of said quarter; thence South 50 links; thence North 50 links to a boulder 18 inches long on the West line of said quarter; thence still North 11 chains and 4 links to the place of beginning containing 44.5 acres. EXCEPT the graveyard therein, described as follows, to-wit: Beginning at a stone which stands 1 chain and 57 links North of the South line of said land, and 12 chains and 22 links East of the line above described stone on the West line of said quarter; running thence North 1 chain to a stone; thence East 1 chain to a stone; thence South 1 chain to a stone; thence West 1 chain to the place of beginning containing 10 of an acre; and leaving 44.5 acres.

Also, part of said North West quarter of said Section 27, described as follows, to-wit: Beginning at a point on the South line of said quarter which is 18 chains and 14 links South of the North West corner thereof; thence West 29 chains and 91 links to the West line of said quarter; thence North with said West line 6 chains and 43 links; thence East 50 links; thence North 50 links; thence East 29 chains and 43 links to the East line of said quarter; thence South 7 chains and 10 links to the place of beginning containing 28.40 acres.

was played. Mr. Champion was down to the king-ten of hearts and three clubs to the queen. He squirmed, groaned and finally chose to guard the king of hearts and let go a club. Mr. Masters then won the rest with the ace, king and jack of clubs.

### PLAY THAT TELLS

When Mr. Champion told Mr. Muzzy he could have defeated the hand, he meant that Mr. Muzzy should have given him the count. On the run of the spades Mr. Muzzy had played first the deuce and trey of clubs, then the deuce and trey of hearts. This told his partner nothing.

"Muzzy," said Mr. Champion, "I knew Masters had four cards in hearts and clubs. He probably had the ace king of clubs and the ace of hearts. Now how could I tell what the fourth card was? You should have played all of your clubs or all of your hearts in discarding on the trumps."

"Suppose you had played all your clubs, I would have seen first the deuce, then the trey,

then the five. That would have been the tip-off. I would have missed the four of clubs. You would have discarded it after the trey if you had held it. Therefore, it must have been in Masters' hand—and I would have guarded my queen of clubs."

## Farmers To Vote On Referendums

WASHINGTON, (UP)—Farmers vote Tuesday in 34 states to determine the type of government controls on 1957 crops of corn, cotton, extra-long staple cotton, rice, and peanuts.

There will be separate ballots for each crop. Agriculture Department officials said upwards of 3 million farmers are eligible to vote. Conceivable, some farmers could vote in all the affected crops.

The corn referendum covers 894 counties in 24 states and is expected to draw the heaviest vote for a single crop. Farmers will decide whether the national base acreage program will be in effect.

If two-thirds or more of the farmers voting favor base acreage, that program will be in effect for 1957. If more than one-third favor acreage allotments, that program will be in effect.

Balloting in the 21-state cotton belt, the 13-state rice area, and the 16 states producing peanuts commercially will be on the question of accepting marketing quotas. At least two-thirds of those voting must approve quotas if they are to be continued in effect for the various crops.

Whether quotas are approved or disapproved, acreage allotments will remain in effect as a condition of eligibility for price support and acreage reserve participation in the soil bank.

Under the corn base acreage program, farmers will be allowed to plant 51 million acres. If they put an acreage equivalent to 15 per cent of their farms' soil bank base acreage in the soil bank and comply with other requirements,
